, , , , , , , , , , , , , , , , ,		igineer, or architect has certified to the
		smic retrofitting components, as defined
by Revenue and Taxation Code s	ection (4.5(b)(2).	
Section 74.5 of the Revenue and Taxation Code excludes	from assessment that portion	of an existing structure that consists of the
construction and reconstruction of seismic components.		
In order to receive the exclusion, this claim form must be file		
All documents necessary to support the exclusion must be	filed with the Assessor by the p	roperty owner not later than six months after
completion of the project.		
The property owner, primary contractor, civil or structural e	engineer, or architect shall certi-	fy to the building department those portions
of the project that are seismic retrofitting components, as d		
of the project, the building department shall report to the A		
components.		
For purposes of section 74.5		
(1) "Seismic retrofitting components" means seismic retrofit	ting improvements and improve	monto utilizina carthauako hazard mitigation
technologies.	ting improvements and improve	entents utilizing eartiquake nazaru mitigatior
(2) "Seismic retrofitting improvements" means retrofitting o	r reconstruction of an existing h	wilding or structure, to abate falling bazards
from structural or nonstructural components of any build		
hanging objects, and building cladding that pose serious		
strengthening or providing the means necessary to resist seismic force levels that would otherwise be experienced by an existing		
building or structure during an earthquake, so as to significantly reduce hazards to life and safety while also providing for the substantially		
safe ingress and egress of building occupants during an		
not include alterations, such as new plumbing, electrical		
performed on an existing structure. "Seismic retrofitting"		
5 and 6 of the Uniform Code for Building Conservation of		
(3) "Improvements utilizing earthquake hazard mitigation to		
government as being hazardous to life in the event of a	an earthquake. These improven	nents shall involve strategies for earthquake
protection of structures. These improvements shall use	technologies such as those refe	erenced in Part 2 (commencing with Section
101) of Title 24 of the California Building Code and simil	ar seismic provisions in the Uni	form Building Code.
THIS EXCLUSION EXPIRES UPO	N CHANGE IN OWNERSHIP O	F THE PROPERTY.
