Section 74.5 of the Revenue and Taxation Code exclusion construction and reconstruction of seismic components		of an existing structure that consists of the
In order to receive the exclusion, this claim form must All documents necessary to support the exclusion must completion of the project.		
The property owner, primary contractor, civil or structor of the project that are seismic retrofitting components, of the project, the building department shall report to components.	, as defined by Revenue and Taxation	Code section 74.5(b)(2). Upon completion

For purposes of section 74.5

- (1) "Seismic retrofitting components" means seismic retrofitting improvements and improvements utilizing earthquake hazard mitigation technologies.
- (2) "Seismic retrofitting improvements" means retrofitting or reconstruction of an existing building or structure, to abate falling hazards from structural or nonstructural components of any building or structure including, but not limited to, parapets, appendages, cornices, hanging objects, and building cladding that pose serious danger. "Seismic retrofitting improvements" also means either structural strengthening or providing the means necessary to resist seismic force levels that would otherwise be experienced by an existing building or structure during an earthquake, so as to significantly reduce hazards to life and safety while also providing for the substantially safe ingress and egress of building occupants during and immediately after an earthquake. "Seismic retrofitting improvements" does not include alterations, such as new plumbing, electrical, or other added finishing materials, made in addition to seismic-related work performed on an existing structure. "Seismic retrofitting" includes, but is not limited to, those items referenced in Appendix Chapters 5 and 6 of the Uniform Code for Building Conservation of the International Conference of Building Officials.
- (3) "Improvements utilizing earthquake hazard mitigation technologies" means improvements to existing buildings identified by a local government as being hazardous to life in the event of an earthquake. These improvements shall involve strategies for earthquake protection of structures. These improvements shall use technologies such as those referenced in Part 2 (commencing with Section 101) of Title 24 of the California Building Code and similar seismic provisions in the Uniform Building Code.

THIS EXCLUSION EXPIRES LIPON CHANGE IN OWNERSHIP OF THE PROPERTY

THIS EXCLUSION EXFINES OF ON CHANGE IN OWNERSHIP OF THE PROPERTY.
