| In order to receive the exclusion, this claim form  | must be filed with the assessor prior to, or w  | ithin 30 days of, completion of the project. |
| All documents necessary to support the exclusio completion of the project.                    | n must be filed with the Assessor by the prop   | perty owner not later than six months after  |
| The property owner, primary contractor, civil or  | structural engineer, or architect shall certify | to the building department those portions    |
| of the project that are seismic retrofitting compo  | nents, as defined by Revenue and Taxation       | Code section 74.5(b)(2). Upon completion     |
| of the project, the building department shall rep   | ort to the Assessor the costs of the portions   | of the project that are seismic retrofitting |
| components.   |   |  |
| For nurposes of section 74.5  |   |  |

(1) "Seismic retrofitting components" means seismic retrofitting improvements and improvements utilizing earthquake hazard mitigation

(2) "Seismic retrofitting improvements" means retrofitting or reconstruction of an existing building or structure, to abate falling hazards from structural or nonstructural components of any building or structure including, but not limited to, parapets, appendages, cornices, hanging objects, and building cladding that pose serious danger. "Seismic retrofitting improvements" also means either structural strengthening or providing the means necessary to resist seismic force levels that would otherwise be experienced by an existing building or structure during an earthquake, so as to significantly reduce hazards to life and safety while also providing for the substantially safe ingress and egress of building occupants during and immediately after an earthquake. "Seismic retrofitting improvements" does not include alterations, such as new plumbing, electrical, or other added finishing materials, made in addition to seismic-related work performed on an existing structure. "Seismic retrofitting" includes, but is not limited to, those items referenced in Appendix Chapters

protection of structures. These improvements shall use technologies such as those referenced in Part 2 (commencing with Section 101) of Title 24 of the California Building Code and similar seismic provisions in the Uniform Building Code.

THIS EYOLUSION EYDIRES LIDON CHANGE IN OWNERSHIP OF THE PROPERTY

5 and 6 of the Uniform Code for Building Conservation of the International Conference of Building Officials.
