### **OFFICIAL REQUEST**

#### DO NOT RETURN THESE INSTRUCTIONS

California law prescribes a yearly ad valorem tax based on property as it exists at 12:01 a.m. on January 1 (tax lien date). This form constitutes an official request that you declare all assessable agricultural property situated in this county which you owned, claimed, possessed, controlled, or managed on the tax lien date, and that you sign (under penalty of perjury) and return the statement to the Assessor's Office by the date cited on the face of the form as required by law. Failure to file the statement during the time provided in section 441 of the Revenue and Taxation Code will compel the Assessor to estimate the value of your property from other information in the Assessor's possession and add a penalty of 10 percent of the assessed value as required by section 463 of the Code.

If you own taxable personal property in any county whose aggregate cost is \$100,000 or more for any assessment year, you **must** file a property statement with the Assessor of that county whether or not you are requested to do so. Any person not otherwise required to file a statement shall do so upon request of the Assessor regardless of aggregate cost. The Assessor of the county will supply you with a form upon request.

Except for the "DECLARATION BY ASSESSEE" section, you may furnish attachments in lieu of entering the information on this property statement. However, such attachments must contain **all** the information requested by the statement and these instructions, the attachments must be in a format acceptable to the Assessor, and the property statement must contain appropriate references to the attachments and must be properly signed. In all instances, you must return the original BOE-571-A.

Note: pumps, pumphouses, or permanent irrigation lines are improvements, which involve land surface changes that have occurred during the twelve months preceding January 1, and are thus also required to be reported via Schedule E.

The reported costs should include the cost of machinery or equipment including excise, sales, or use taxes, freight and installation charges. (Note: A charge for self-construction/labor should be imputed when such is the case, e.g., if you would have paid \$500 to have heaters installed but performed the labor yourself, the value of that labor must be included in the value/cost of such machinery and equipment.)

- **Column B.** Enter the total original installed cost by calendar year of acquisition. Include freight-in excise taxes, sales or use taxes, and installation costs. Include fully depreciated office equipment but **do not** include items that were traded, retired, transferred, sold, or junked and removed physically from the premises. If office equipment is located elsewhere in the county, attach a similar schedule and identify the location. **All office equipment must be reported on this statement.**
- **Column C.** Describe other equipment not reported in Columns A, B, or D.

**Column D, E.** Computers used in any application directly related to manufacturing, or used to control or monitor machinery or equipment, should be reported in Column A. Do not include application software costs in accordance with section 995.2 of the California Revenue and Taxation Code. Personal Computers should be reported in column D; Local Area Network (LAN) equipment, including LAN Components, and Mainframes should be reported in column E. Personal computers include the following: Desktops, Docking Stations, Ink Jet Printers, Laptops, Laser Printers, Mini Towers, Monitors, Netbooks, Notebooks, PC Power Supply, Scanners, Workstations. Local Area Network Equipment includes the following: External Storage Devices, Hubs, Mainframes, Network Attached Storage Devices, Routers, Servers, Switches. LAN Components include, but are not limited to, the following: Network Disk & Tape Drives, Network Fan Trays, Network Memory, Network Portable Storage Devices, Network Power Supply, Network Adaptors, Network Interface Cards, Network Processors.

If necessary, asset titles in Schedule C may be changed to better fit your property holdings; however, the titles should be of such clarity that the property is adequately defined.

LINES 20, 33 and 34. For "prior" years acquisition, you must attach a separate schedule detailing the cost of such equipment by year(s) of acquisition. Enter the total cost of all such acquisitions on lines 20, 33 and 34.

LINE 36. Add totals on lines 21, Column D; line 35, Column E; line 34, Columns A, B, C; and any additional schedules. Enter the same figure on Part II, line 3 that you entered in the box.

#### SCHEDULE D — MOBILE EQUIPMENT (self-propelled and related implements)

Implements of husbandry items, including but not limited to, tractors, harvesters, shakers, backhoes, forklifts, crawler loaders, vehicle mounted portable wind machines, and related implements; and any other type of self-propelled or towed equipment that is not subject to DMV registration and licensing for highway use. (see http://www.cfbf.com/wp-content/uploads/2019/06/agequipment.pdf for a more detailed explanation of "implements of Husbandry")

Moveable, non-mobile items, such as tools, hive boxes, bunkhouse furnishings (owned by the farmer), portable wind machines, temporary pipes and sprinklers that are above ground (not permanent), heaters, smudge pots, pallets, bins, saddles and bridles, should be reported via Schedule C, Column A

Equipment out on lease should not be included here; report such equipment, per instructions, on line 6. Include equipment acquired through a lease-purchase agreement at the selling price effective at the inception of the lease and report the year of the lease as the year of acquisition (if final payment has **not** been made, report such equipment in Part IV). If you own machinery and equipment at another location in this county and you did not receive a form for reporting equipment at that location, or if your equipment is temporarily outside the county, attach a schedule to this statement showing the location of the equipment and provide the information requested in this schedule. Report all machinery and equipment, whether fully depreciated or not, including implements of husbandry, special mobile equipment (SE Plates), and other vehicles exempt from licensing and registration under Division 16 of the Vehicle Code. Do not include licensed vehicles designed primarily for the transportation of persons or property on a highway.

The reported cost should include excise taxes, sales or use taxes, freight charges, and installation costs. If a trade-in was deducted, the amount to be entered is the invoice price (adding back the trade-in). Deductions for investment credits allowable for federal income tax purposes may not be taken and must be added back if deducted when the cost was entered on your books and records. Include expenses incurred immediately after purchase to bring a machine up to operable condition. As mentioned in Schedule C, the value of self-construction must be included.

If no finance charges were incurred because funding was supplied by the owner, then indicate so in the remarks. With respect to Columns A and B, segregate the buildings and building or leasehold improvements into the two requested categories (items which have dual function will be classified according to their primary function).
