		oj <mark>ect that are seis</mark> mic retro <mark>fitting compone</mark> nts, as defir
	by Revenue and Taxation Code section 74.5((b)(2).
Section 74.5 of the	Revenue and Taxation Code excludes from assess	sment that portion of an existing structure that consists of
	construction of seismic components.	
		assessor prior to, or within 30 days of, completion of the proj
All documents neces completion of the pro		Assessor by the property owner not later than six months a
		architect shall certify to the building department those porti
		evenue and Taxation Code section 74.5(b)(2). Upon comple
	uilding department shall report to the Assessor the	costs of the portions of the project that are seismic retrofit
components.		V
For purposes of sect		
(1) "Seismic retrofitt technologies.	ing components" means seismic retrofitting improve	ments and improvements utilizing earthquake hazard mitiga
(2) "Seismic retrofitting improvements" means retrofitting or reconstruction of an existing building or structure, to abate falling hazards		
from structural or nonstructural components of any building or structure including, but not limited to, parapets, appendages, cornices hanging objects, and building cladding that pose serious danger. "Seismic retrofitting improvements" also means either structura		
strengthening or providing the means necessary to resist seismic force levels that would otherwise be experienced by an existing building or structure during an earthquake, so as to significantly reduce hazards to life and safety while also providing for the substantially		
		ly after an earthquake. "Seismic retrofitting improvements" d
		ded finishing materials, made in addition to seismic-related w ut is not limited to, those items referenced in Appendix Chap
	niform Code for Building Conservation of the Interna	
		means improvements to existing buildings identified by a lo
		ke. These improvements shall involve strategies for earthqu
	uctures. These improvements shall use technologies of the California Building Code and similar seismic pr	s such as those referenced in Part 2 (commencing with Sec rovisions in the Uniform Building Code.
