INSTRUCTIONS FOR COMPLETING AGGREGATE PRODUCTION REPORT

Report on a calendar-year basis. If this report is prepared prior to January 1, any change in real property between the date the report is prepared and January 1 must be reported to the Assessor on a supplemental report.

All personal property, excluding stockpiles, owned by the respondent and any property belonging to others at this location as of January 1 must be reported to the Assessor on a Business Property Statement form.

A separate production report must be filed for each location and/or operation. A single report may cover several leases or parcels if all have the same geological characteristics and are operated as a unit. If lease, rent or royalty terms are not the same for all parcels, the parcels must be reported individually.

Maps or aerial photos should be submitted for every year in which changes have occurred in the development of the property. Use a map to describe and locate the property clearly. Include a plot plan that shows pit site, railroad spur lines, plant site, location of reserves, etc.

Line numbers listed in these instructions refer to identical line numbers printed on the form. At top of form fill in the year of the lien date for which this production report is made.

LINE 1. NAME AND MAILING ADDRESS

a. NAME OF OPERATOR (person or corporation)

If the name is preprinted, check the spelling and correct any error. In the case of an individual, enter the last name first, then the first name and middle initial. Partnerships must enter at least two names, showing the last name, first name and middle initial for each partner. Corporation names should be complete so they will not be confused with fictitious or DBA (Doing Business As) names.

- b. DBA OR FICTITIOUS NAME Enter the DBA name under which you are operating in this county below the name of the sole owner, partnership, or corporation.
- c. MAILING ADDRESS

Enter the mailing address of the legal entity shown in line 1b above. This may be either a street address or a post office box number. It may differ from the actual location of the property. Include the city, state, and zip code.

LINE 2. LOCATION OF THE PROPERTY

Fill in the mine or quarry name and the section, township and range in which the mine or quarry is located.

LINE 3. PARCEL NUMBER

List the parcel number and tax rate area number, if known. Give legal description only if parcel number is not used. Also, give legal description for any year in which there has been a change in lease boundaries.

- LINE 6. Show reserves at the end of the last calendar year and check one of the boxes for units in which reserves are reported. Reserves are the units of aggregates, either in tons or cubic yards, considered to be mineable in the future under present and future economic and operating conditions.
- LINE 7. Show the year in which you expect the reserves to be depleted.
- LINE 8. Show the surface acreage currently being quarried or mined.

In the case of a corporation, the declaration must be signed by an officer or by an employee or agent who has been designated in writing by the board of directors, by name or by title, to sign the declaration on behalf of the corporation. The Assessor may at any time require a person who signs a production report and who is required to have written authorization to provide proof of authorization.

A production report that is not signed and executed in accordance with the foregoing instructions is not validly filed. The penalty imposed by section 463 of the Revenue and Taxation Code for failure to file is applicable to unsigned production reports.
